GENERAL HOUSEKEEPING

No Shows~We get that ish happens sometimes, but when an appointment is no showed it leaves an appointment time that most likely cannot be filled, which is lost dollars for the stylist. If an appointment is “no-showed”, a 50% fee will be charged before the guest can reschedule.

Cancellations/Rescheduling~ We kindly request a 48-hour minimum notice on appointments that are less than 3 hours, a \$50.00 sitting fee will be charged prior to being able to rebook your next appointment. If you have a custom appointment where I am reserving my time for more than 3 hours, when needing to cancel or reschedule, I require 72 hours for cancellation. A payment of HALF of what the service price is will be assessed at the time of cancellation. If you choose to reschedule, I will add a credit of \$100 to the next appointment, ONLY if it is made at the time of cancellation.

I completely understand that emergencies happen, I allow ONE HALL PASS. You can use that however you wish, after that is used, I will not be able to extend another one.

Late Policy~ In order to respect the scheduling of our guests and service providers we do enforce a 15-minute late policy. This is not a guarantee the stylist will be able to perform the regularly scheduled service, so please discuss this with your service provider, having the expectation you both may have to be flexible. Any appointments past 15 minutes will respectfully be asked to reschedule. If this is a habit a \$50.00 sitting fee may be assessed prior to being able to reschedule.

We accept credit card payments, a 3.75% charge will apply to all credit card payments, Venmo @LauraLee-Gigliotti, Checks and Cash.

The Guarantee:

I want you to be 100% satisfied with your hair and overall experience. I know that your hair is important to you, and I want you to be happy from the moment you sit in my chair to the moment you leave the salon! As a professional, I strive to communicate how important it is to take the most realistic approach to achieving your beauty goals! If you are not happy with your experience, I will make any necessary adjustments so you can leave the salon feeling amazing. If after your experience you are unhappy with your result, within reason, I am happy to make adjustments to your hair in the form of a correction service.

There are limitations to correction services to protect all parties involved:

- There are absolutely **NO REFUNDS**. My goal is to build a long-lasting relationship with you. Sometimes there are bumps in the road, however I would rather learn with you and make adjustments so I can meet your hair goals. Sometimes this takes time, but I am willing to be patient with you if you are patient and reasonable with me!
- Your color is valid for a correction service up to 10 days after your service(s) was performed.
- You will no longer be eligible for correction service if you or another stylist makes any changes to the hair.
- In order to qualify for a correction service, you must invest in the recommended retail products, and or Olaplex/K18 or any other professionally recommended take home products for proper care of the service at home.
- With the purchase of any color safe retail products from our online store, your color service is 100% guaranteed. This does NOT include shampoos purchased from other retailers or salons.

The fee for correction service is \$40.00 per bowl of color or lightener required to make the adjustments.

***If you are in the middle of a color correction process and there is box color (any form of non-professional color) you will not be qualified for a correction service if the desired result is not achieved in one sitting (this will be explained during consultation so there will be no surprises if the desired goal is not achieved in one sitting).**

***Additional toners, treatments and other necessary services will be priced (fairly) in each specific case.**
